Subject Rhode Island Water Quality Standards Revisions Package

Enclosed please find the recent water quality standards revision submittal from Rhode Island. Please let me know if you have any questions or concerns. The following water quality standards changes are included.

- Adoption of coldwater and warmwater fishery definitions;

- Change of water quality classification in Appendix A for Prince's Pond (Barrington) from freshwater (Class A) to saltwater (Class SA) to more accurately reflect salinity conditions; and
- Amendment to Table 1 of Appendix B of the Regulations to include site specific dissolved copper criteria for the Blackstone River, Ten Mile River (including the run-of-the-river impoundments) and Woonasquatucket River from the Smithfield WWTF discharge to the confluence with the Moshassuck River; and
